The Junior Classes depending on # of entrants: **Time will be announced**

Each class will get two runs at the hill. We will finish each class then move on to the next. Each class will be a timed event. In the lower cc classes if no one makes the timing gates – we will determine the winner with high mark. Our hill bosses Jeff S and Jeff H will make the call on high marks. The hill crew is responsible for accurately marking sleds and watching for missed gates. Video taping during the event is for spectator and vendor entertainment only, and WILL NOT be used to overturn a decision made by the hill crew. **ALL RACERS ARE REQUIRED TO WEAR AN AVALANCHE BEACON WHILE ON THE HILL.**

**Racers**

**At the end of each run you will be required to return to the HOT PIT until the end of the class. No one will be allowed to return to the roadside in the middle of the class.**

**If you fail to return to the hot pit you will be disqualified for that class.**
